STYLISH OFFICE

Adjustable seating for shared and individual workspaces.

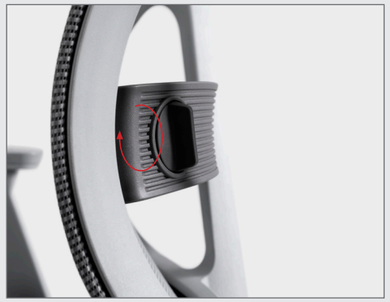

The JOURNEY chair supports movement throughout the day.
Adjust the chair to suit your posture and the task at hand.

Journey
BE-A2201

Adjust the chair to your posture

Fine-tune the backrest, armrests and seat depth.

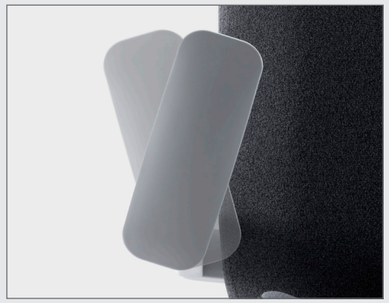

Turn the control to increase backrest tension.

Raise or lower the lumbar support.

Slide the armrests forward or back.

Swivel the armrests left or right.

Adjust the headrest for neck support.

Press the control down to adjust the recline lock.

Adjust seat depth to suit your leg length and ease pressure behind the knees.

JOURNEY features

▸ Journey
BE-A2201

Synchronised movement

The seat and backrest move together
to support you as you recline.

Journey
